Time

Syleena Johnson

(spoken)
Hey baby, how you doing?
I just want you to know,
that I'm missing you (missing you)
Every since the last time, I kissed your face.
I can think of no one else but you.
Its so funny how time flys away from me.Verse 1
Oooh Oooh
So in love with you,
Yeah, its true.
And I'm not afraid to say to you,
I think about you everyday boo.
Cause you are to me
More valuable than pride could ever be
And I would trade in everything
Just to spend my days with you.Chorus
Cause Time, spends better than money
Your time, is really all I need.
Sometimes I get a little bit lonely
When you're not here with me
And I can't wait to next time
to take the time
to make it better than the last time
Wish I could go back in time
Aint it funny how time flys.Verse 2
Sweet memories
flashes of you smiling at me
Remembering the way you sleep
With your arms wrapped around me
And I'm missing you
Even while you're still here with me
Cause soon I know you gotta leave
Cause all good things come to an end.
