

# Powerless

Kristinia Debarge

Leave me powerless  
I'm about to, I'm about to leave you  
I'm about to leave you powerless You held me down for too long  
Battery charged up, now I'm on  
I'll flip your breaker now  
Take your rechargin' off of me Drain me emotionally  
Thought I could run on empty  
So I brought a back up  
Knowin' you'd be back up in the outlet I feel (Pull the)  
Electricity  
(Power)  
It's easy for me  
It's about to be, it's about to be lights out (Pull the)  
This is history  
(Siren)  
Solve the mystery  
It's about to be, it's about to be lights out What you think this is?  
I'm 'bout to flip off the switch and shut it down, baby  
I'm 'bout to leave you powerless Leave you powerless  
Is it a false alarm? Is it a false alarm?  
I'm 'bout to leave you powerless What you think this is?  
I'm 'bout to flip off the switch and shut it down, baby  
I'm 'bout to leave you powerless Leave you powerless  
Is it a false alarm? Is it a false alarm?  
I'm about to leave you powerless Now that your circuit is blown  
In the dark and you all alone  
Takin' out your fuses, now you're just useless  
No more doin' me wrong Stole all of my energy  
Couldn't just, just let me be  
Thought you was golden  
Now I'm withholdin' everythin' that you need (Pull the)  
Electricity  
(Power)  
It's easy for me  
It's about to be, it's about to be lights out (Pull the)  
This is history  
(Siren)  
Solve the mystery  
It's about to be, it's about to be lights out What you think this is?

I'm 'bout to flip off the switch and shut it down, baby  
I'm 'bout to leave you powerlessLeave you powerless  
Is it a false alarm? Is it a false alarm?  
I'm 'bout to leave you powerlessWhat you think this is?  
I'm 'bout to flip off the switch and shut it down, baby  
I'm about to leave you powerlessLeave you powerless  
Is it a false alarm? Is it a false alarm?  
I'm 'bout to leave you powerlessYour body's havin' a blackout  
Before you ask what's that about  
Let's recall how you tapped right into meUsed up all of my lifeline  
Took too much of my life  
I'm puttin' all of the power back into meWhat you think this is?  
I'm 'bout to flip off the switch and shut it down, baby  
I'm 'bout to leave you powerlessLeave you powerless  
Is it a false alarm? Is it a false alarm?  
I'm 'bout to leave you powerlessWhat you think this is?  
I'm about to flip off the switch and shut it down, baby  
I'm 'bout to leave you powerlessLeave you powerless  
Is it a false alarm? Is it a false alarm?  
I'm about to leave you powerlessI'm about to, I'm about to leave you  
I'm about to leave you powerless
