

Gambling Johnny

Stand High Patrol

Yes

Yes

Gambling Johnny, It's a dangerous vice

Gambling Johnny, It's a dangerous vice Walking in the street tenner in his hand

Mister Johnny got to bet

Oh no

With the tenner he got to buy some food

The Johnny's family won't eat tonight

No no no

The pockets of Johnny are empty

His red eyes are glassy

The wallet of Johnny is empty too

And Johnny don't know what to do Gambling Johnny, It's a dangerous vice

Gambling Johnny, It's a dangerous vice Do you really want, playing with your life on a flip of a coin?

On a flip of a coin.

Do you really want, playing with your life on a flip of a coin?

On a flip of a coin.

Do you really really want it?

Do you really really want it? Gambling Johnny, It's a dangerous vice

Gambling Johnny, It's a dangerous vice
