Intrigue

Marianne Faithfull

Intrigue surrounding me
Intrigue surrounding you
I was only looking for a bit of harmony and grace
I swear I only meant it in good faithIn league enfolding you
Fatigue I feel it, too
I guess I never thought I had a thing or two to lose
I never thought I'd end up as good newsBelieve in what you hear
Concede to what you fearAnd if you think that I have so much love to go to waste
Cut out the running home, make the paceIntrigue surrounding me, you
Intrigue surrounding you, me
I was only looking for a bit of harmony and grace
I swear I only meant it in good faithAnd if you think that I have so much love to go to waste
Cut out the running home, make the paceIntrigue, intrigue, intrigue
Intrigue, intrigue, intrigue
