Dirty Business

Edward

Dirty BusinessIt's a corporate house of cards
I cooked the books I'm pushing hard
I've got to get my piece of the pie
Eye to eye I've got the lieCHDirty businessI got my hand in the Corporate cookie jar
Im a corporate paradox super star
Limousines and fancy cars
With all the dirty girls of the corporate worldCH
Dirty businessBRI've got an offshore account
Loophole for my gain
All the political clout money can bring
Siphon off all your money
Who are you going to blame
You'll never know what hit you
It's all the sameCH
