

Leaving You

Maria Mena

I couldn't accept we were ending
I gradually started to drift
In the back of my mind was pretending
That I could handle it
I couldn't handle it Just wanted a moment of silence
Not everything ending in war
The tiniest problems made giant
What were we fighting for?
What are we fighting for? What I'm about to say
Won't be easy to swallow
What you felt today
Will be as painful tomorrow
Painful tomorrow
It's enough, it's enough, it's enough for me
It's enough, it's enough, it's enough, please you gotta see
I'm leaving you, you
I'm leaving you, you
You're okay, you're okay, you're okay without me
Comes a day, comes a day, comes a day when I'm convinced that you'll agree
That I'm leaving you, you
Leaving you, you I wouldn't have thought I would carry
The weight of us all by myself
Our differences just wouldn't marry
I had to beg for help
Got it from someone else What I'm about to say
Won't be easy to swallow
What you felt today
Will be as painful tomorrow
Painful tomorrow
It's enough, it's enough, it's enough for me
It's enough, it's enough, it's enough, please you gotta see
I'm leaving you, you
I'm leaving you, you
You're okay, you're okay, you're okay without me
Comes a day, comes a day, comes a day when I'm convinced that you'll agree
That I'm leaving you, you
Leaving you, you
