Set and Setting

Whiteriver

This life led me to the wrong place
These signs show me that I have lost my self-preservation
And I know my mind wonâ€™t rest until I walked through hell
All these bitter memories while I hide behind all this substance

A closer lookin the mirror, this isnâ€™t me
Ashamed of what Iâ€™ve become
And I know Iâ€™ve lost control over me
These nights protect me from reality
All Iâ€™ve lost is me in fantasy
