

# Could've Been You

[3lw](#)

Don't even try to step to me now  
When I was feelin' you, you gave me thumbs down  
You had your other woman, you said that I was trippin'  
But now you see me with them and now you see who's trippin', what?  
You know what I'm talkin' about so  
Stick your tongue back in your mouth and go  
You can't come back in my house  
And no, don't try to step to me when you see me out  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you, it could've been you  
So how are your boys now?  
When it was me and you that was all you was about  
When I needed you you had things to do  
But that Ishh is cool 'cause the jokes on you now  
There's nothing you could say to me, so go  
You thought that you could play wit me, oh no  
Somebody is just checkin' for me and so  
You ain't nothing but some suckers to me  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you  
It could've been you  
The one that I was givin' my love to

And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you, it could've been you  
Ooh  
Say ooh ooh ooh ooh  
Ooh  
It could've been you, it could've been you, it could've been you  
It could've been you  
The one that I was givin' my love to  
It could've been you  
It could've been you, it could've been you, it could've been you  
It could've been you  
The one that I was givin' my love to  
It could've been you  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you  
It could've been you  
The one that I was givin' my love to  
And love you knew that I was into you  
And now you can't believe that I'm over you  
So goodbye to you
