

Whiskey and Wine

311

I know what you're thinking
I know I did you wrong
But I've just got this feeling
Baby, please hold on The way we used to dance
We forgot the steps
We both lost our balance
I drink to forget Whiskey and wine
Killing me, shot at a time You put the liquor in the cup
And you just swirl it around
'Cause you don't remember
If you're up or you're down A temporary fix
Your moments elixir, yeah
And I will say I put my hand up in the air
And I won't do it again, no
Can't promise it because
I don't pretend to know why The price I pay, yeah, yeah
Not a remedy for a thing
And I won't do it again Whiskey and wine
Killing me, shot at a time Whiskey and wine
Killing me, shot at a time
