Keep My Heart Alive

Sanctus Real

I'm so tired of politics and all this bad news
I'm so tired of chasing the moment instead of chasing You
I let the world wear me down, I'm desensitizedJesus, keep my heart alive, keep my heart alive
Only you can save me
From a world that's breaking right before my eyes
Keep my heart aliveTake these empty hallelujahs, fill my lungs again
'Cause I wanna sing and I wanna mean it, I wanna feel again
And let the world hear the sound of something aboutJesus, keep my heart alive, keep my heart alive
Only You can save me
When my world is breaking right before my eyes
Jesus, keep my heart alive, keep my heart aliveOnly You can save me
When my hope is fading and I'm losing the fightAnd when the world wears me down
You're my life's loveYou keep my heart alive, oh, yeah
Jesus, keep my heart alive, keep my heart alive
Only You can save me
When my world is breaking right before my eyes
Keep my heart alive, oh, keep my heart aliveYou're my only hope
When my world is fading before my eyes
Jesus, keep my heart alive, keep my heart alive
