

Making Love With the Radio On

Gavin DeGraw

One, two, three, four I tried giving up
Walked through quite enough
Had to call it a day
From an ex who showed up falling to
Grand piano falling on the edge of the parkway
Got no good advice Hotline called me twice
Said, "I went through the wall
Do you have a quote to lend me
Or a friend to send me?"
But I got no help at all So I loosened my lips
And let a little prayer I memorized
Do what I just wished
And suddenly, to my surprise Oh, DJ, when you play my song
Make me feel bigger than an old King Kong
At the risk of this coming out wrong
Feel like making love with the radio on
Oh, every time I hear that jam
Grabbed my baby right by her hand
Even if my day was going all wrong
Feel like making love with the radio on Snatched my medicine light it like Edison
Turned it right up to the sky
You're my absolutely fictional
Pure perfection my Venetian boat ride
Blown out speakers and worn out tweeters
And still I get the effect
If you got my go-to living
Even get me in the spirit
Even if I'm a complete wreck Don't you call it a flaw
Everybody needs some a peace of mind
It should be the law
To take a little private time Oh, DJ, when you play my song
Make me feel bigger than an old King Kong
At the risk of this coming out wrong
Feel like making love with the radio on
Oh, every time I hear that jam
Grabbed my baby right by her hand
Even if my day was going all wrong
Feel like making love with the radio on I want to feel like this, so hold me forever
Emotions are real like this and flow like a river

And you are the only one
Oh, DJ, when you play my song
Make me feel bigger than an old King Kong
At the risk of this coming out wrong
Feel like making love with the radio on
Oh, every time I hear that sound
Engine running and I'm homeward bound
Even if my day was going all wrong
Feel like making love with the radio on
With the radio, with the radio
Feel like making love with the radio on
With the radio, with the radio
Feel like making love with the radio on
With the radio, with the radio
With the radio
With the radio, with with the radio
