

# Great Escape

## Fictionist

It's cold comments to declaim you as their own  
I'm a stranger out there and even stranger at home  
Oh-oh, oh-oh, it's so hard not to feel alone

So I went out to kill some of these small town woes  
But the lights were down and all the stores, they were closed  
Oh-oh, oh-oh, so we drove home in the snow

So take me with you  
I'm gonna make my great escape  
I think I'm ready  
I think I'm ready for a change

So we called the sky, they put us on hold  
Ever since we settled down and now we're just growing old  
Oh-oh, oh-oh, settled down and growing old  
So do we play or do we fold

So take me with you  
I'm gonna make my great escape  
I think I'm ready  
I think I'm ready for a change

I think I'm ready for a change  
So hold steady and turn the page

Take me with you  
I'm gonna make my great escape  
I think I'm ready  
I think I'm ready for a change
