Slaves

Cyclefly

Let me feel your voice
You're not alone
'Cause we are slaves to choice
It brings us homeYou're not alone
You're not aloneStaged a high, a high
Ya staged a high, a high
High, highLet me feel your voice
You're not alone
'Cause we are slaves to choice
It brings us homeYou're not alone
You're not aloneStaged a high, a high
Ya staged a high, a high
High, highStaged a high, a high, a high
Ya staged a high, a high
High
