

# Little Guy

**Jill Sobule**

Little guy, little guy, such a little guy  
Such a little guy, in such a big bodyLittle mind, little mind, you were once mine  
Such a small mind in such a big bodyMaybe I'm not so fair to little guys  
He stood tall up when he was by my sideLittle heart, little heart, such a little, biddy heart  
Such an unbrave heart in such a big body  
Such a big bodyMaybe I'm not so fair to little guy  
He loomed large when he loved meLittle guy, little guy, little guy such a little guy  
Such a little guy such a big body
