

# Fistful Of Diamonds

[W.a.s.p.](#)

Money makes me crazy, money drives me insane  
Diamonds, silver, gold, and precious steel  
I want it all, it's mine to claim  
I hold my hands out, I take it all  
I want a fistful, fistful of diamonds  
I live for the glory and fame  
I want a fistful, fistful of diamonds  
The millions are calling my name  
Fortune come here to me, it's power that rules the game  
Seduction of silver and lawless greed  
I love it all, I damn the shame  
The root of all evil can hear me call  
I want a fistful, fistful of diamonds  
I live for the glory and fame  
I want a fistful, fistful of diamonds  
The millions are calling my name  
Solitaire, come cast a spell of magic  
The smell of green, I stack my dollars high  
Intoxicating, my mind's wreaking havoc  
A famous face, I get what you can't buy  
I, fistful, fistful of diamonds  
I live for the glory and fame  
I want a fistful, fistful of diamonds  
The millions are calling my name  
Fistful, fistful of diamonds  
I live for the glory and fame  
I want a fistful, fistful of diamonds
