

Activated

Cher Lloyd

Oooh.... (I'm charged up, I'm getting activated)
Oooh.... (I'm charged up, I'm getting activated) Heads high, came up with a no-no-no-no
 Inside, that's how we be
 Inside, tell 'em we don't wanna follow
 Let 'em talk, let 'em talk, 'bout me
 No fucks, swinging from the balcony with
 Two cups, one in each hand
 So up, tell the DJ hit the button
Load it up, load it up, my man Leave me unattended, I'm an animal
 Juice and gin, I'm mixin' all my chemicals
 Uh-uh-uh-uh, I'm running out of [??]
1, 2, 3, 4 I'm about to let it go They like ooh they like ooh like ooh
 Baby, just wait I'm in
 When I do the damn thing, just watch me
 When I do the damn thing, just watch me
 They like ooh they like ooh like ooh
 I wanna put my hands on you
 When I do the damn thing, just watch me
When I do the damn thing, just watch me Oooh.... (I'm charged up, I'm getting activated)
Oooh.... (I'm charged up, I'm getting activated) Gold links, that's what I call chain reaction
 Don't think, we gon't slow down
 This drink threw me the automatic
 Rippin' up, rippin' up, like "ciao!"
 Vroom... They don't see me comin'!
 They don't see me comin'!
 Vroom... They don't see me comin'!
They don't see me comin'! Leave me unattended, I'm an animal
 Juice and gin, I'm mixin' all my chemicals
 Uh-uh-uh-uh, I'm running out of [??]
1, 2, 3, 4 I'm about to let it go They like ooh they like ooh like ooh
 Baby, just wait I'm in
 When I do the damn thing, just watch me
 When I do the damn thing, just watch me
 They like ooh they like ooh like ooh
 I wanna put my hands on you
 When I do the damn thing, just watch me
When I do the damn thing, just watch me They like ooh they like ooh like ooh
 Baby, just wait I'm in
 When I do the damn thing, just watch me

When I do the damn thing, just watch me
They like ooh they like ooh like ooh
Baby, just wait I'm in
When I do the damn thing, just watch me
When I do the damn thing, just watch me
They like ooh they like ooh like ooh
I wanna put my hands on you
When I do the damn thing, just watch me
When I do the damn thing, just watch me
Oooh.... (I'm charged up, I'm getting activated)
Oooh.... (I'm charged up, I'm getting activated)
