TOTEM

Our time's running out and we know it
But I keep holding out that you're showing
Just a faint sign that we're still going
That lie is nothing but hopelessCause every little kiss went faithlessly
And every loving word comes painfully
You're already gone and it's plain to see
You left me long agoSo here I am with my heart in my hands
Searching for a reason
You went and did that with another man
Stole my heart and wrecked it
Now I'm addicted, now I can't let you go
Yeah, I'm addicted, now I come back for more
Cause it feels so bad but it hurts so good, hurts so good
Now I'm addicted, now I can't let you go
I should be out with my friends hanging out
I'm better off without you
I should be calling you those names
Like people in my shoes do
Instead, I'm just thinking 'bout the days when we was good
And hoping that the space between us just misunderstoodCause every little kiss went faithlessly
And every loving word comes painfully
You're already gone and it's plain to see
You left me long agoSo here I am with my heart in my hands
Searching for a reason
You went and did that with another man
Stole my heart and wrecked it
Now I'm addicted, now I can't let you go
Yeah, I'm addicted, now I come back for more
Cause it feels so bad but it hurts so good, hurts so good
Now I'm addicted, now I can't let you go
It feels so bad but it hurts so good
Hurts so good, hurts so good
It feels so bad but it hurts so good
Hurts so good, hurts so goodNow I'm addicted, now I can't let you go
Yeah, I'm addicted, now I come back for more
Cause it feels so bad but it hurts so good, hurts so good
Now I'm addicted, now I can't let you go
