

# Twisted Transistor

## Denisa

Hey you, hey you  
Devil's little sister  
Listening to your  
Twisted transistorHold it between your legs  
    Turn it up, turn it up  
    The wind is coming through  
    Can't get enoughA lonely life  
    Where no one understands you  
    But don't give up  
Because the music doMusic do, music do  
    Music do, music do  
Music do, music doBecause the music do  
    And then it's reaching  
    Inside you  
    Forever preaching"Fuck you too!"  
    Your scream's a whisper  
    Hang on you  
Twisted transistorHey you, hey you  
    Finally you get it  
    The world ain't fair  
Eat you if you let itAnd as your tears fall on  
    Your breasts, your dress  
    Vibrations coming through  
    You're in a messA lonely life  
    Where no one understands you  
    But don't give up  
Because the music doMusic do, music do  
    Music do, music do  
Music do, music doBecause the music do  
    And then it's reaching  
    Inside you  
    Forever preaching"Fuck you too!"  
    Your scream's a whisper  
    Hang on you  
Twisted transistorMusic do, music do  
    Music do, music do  
    Music do, music do  
Music do, music doHey you, hey you  
    This won't hurt a bit

This won't hurt a bit, this won't hurtSays who, says who  
Anesthetize this bitch  
Anesthetize this bitch, anesthetizeJust let me be  
Between you and me, don't fitMusic do  
And then it's reaching  
Inside you  
Forever preaching"Fuck you too!"  
Your scream's a whisper  
Hang on you  
Twisted transistor
