

# Hey Rock And Roll

## Showaddywaddy

And you

    kids

    get on your feet now

    And get ready and it's rock and roll

    ShowaddywaddyStanding on the corner in my new blue jeans

    Dreamin' 'bout the girl in my limousine

    Ev'rybody's talking 'bout the world's greatest rock 'n roll band.

    News-boy on the corner says:

        Hold on kid

        what's the use of dreaming

        'Bout a rich guy's greed?

    Get yourself aboppin' with the world's greatest rock 'n roll band.

        Hey rock and roll

        Bring it to town

        let's stroll

        Hey rock and roll

        Let's go

        let's go

        let's go.

    Hey rock and roll

    ...

    Rockin' to the band in a rocket-machine

        Susie hand-jive

        she's a rock and roll queen

        Johnny sings a love-song

        He sings it right from a-ha a-ha a-ha

        Whenever Mickey's dancing with the girl in blue

        Over to the band and a song for you

    Everybody's shouting to th;! world's greatest rock 'n roll band.Hey rock and roll
