

# Skies the Limit

## Fleetwood Mac

If I've been actin' just a little strange  
And you have noticed it too  
It's 'cos my life has been rearranged  
With the presence of youThe sky is the limit now  
We can hit it on the nail  
And when we do, I'll think about you  
How can we fail?Can you give me one reason why  
You'd ever let me down?  
I won't believe it baby, but I'll try  
The truth's goin' to come aroundThe sky is the limit now  
We can hit it on the nail  
And when we do  
I'll think about youThe sky is the limit now  
We can hit it on the nail  
And when we do, I'll think about you  
How can we fail?The sky is the limit  
Oh the sky is the limit  
How can we fail?Sooner or later  
I'll keep the promise  
I made to you  
Sooner or later  
It will be greater  
Then we ever knewThe sky is the limit now  
We can hit it on the nail  
And when we do  
I'll think about youThe sky is the limit now  
We can hit it on the nail  
And when we do, I'll think about you  
How can we fail?The sky is the limit  
Oh the sky is the limit  
How can we fail?The sky is the limit  
Oh the sky is the limit  
How can we fail?The sky is the limit  
Oh the sky is the limit  
How can we fail?The sky is the limit  
Oh the sky is the limit  
How can we fail?  
The sky is the limit
