## The Pop Ups

OH BANANA where do you come from? I come from a beautiful plant  
that grows under the hot hot sun was picked by a man  
from a beautiful plant  
that grows under the hot hot sun was put in a squeaky basket  
put there by a man  
who picked me from a beautiful plant  
that grows under the hot hot sun rode on a bumpy truck  
inside a squeaky basket  
that was put there by a man  
who picked me from a beautiful plant  
that grows under the hot hot sun sailed on a giant ship  
away from a bumpy truck  
inside a squeaky basket  
put there by a man  
who picked me from a beautiful plant  
that grows under the hot hot sun picked up by crane  
aboard a giant ship  
away from a bumpy truck  
inside a squeaky basket  
put there by a man  
who picked me from a beautiful plant  
that grows under the hot hot sun  
i was put on a choo choo train  
picked up by crane  
aboard a giant ship  
away from a bumpy truck  
inside a squeaky basket  
put there by a man  
who picked me from a beautiful plant  
that grows under the hot hot sun was bought by your mama  
waited in the market  
from a choo choo train  
picked up by a crane  
aboard a giant ship  
away from a bumpy truck  
inside a squeaky basket  
that was put there by a man  
who picked from a beautiful plant  
that grows under the hot hot sun

oh banana so glad that you are here  
I've come a long long long long long long way
