Stimulated

Tyga

(INTRO)
F!ck what they talkin' 'bout
All a n!gga hear is my chains
Clinkin' back and fourth right now
N!gga f!ck with me
(HOOK)
Why the f!ck you so opinionated
Sayin' how you do it but they ain't did it
Baby you need a demonstration
This is how you get richer baby
I'm stimulated.
I'm at the bank, I'm penetratin'
I'm puttin' in. I'm penetratin'
I'm getting big, I'm stimulated
I touched the b!tch she disintegrated
Up in flames, I've been the flamest
I've been the hottest you've been the lamest
I've been on a plane, you've been complainin'
F!ck the codefendant, pistol whip the plaintiff
Hit the mall, then we skip arraignment
They say she young, I should've waited
She a big girl, dog when she stimulated.
(VERSE)
Hit Sin City and syndicate it
All the time on the strip in Vegas
I got the juice but I ain't Minute Maid it
But a n!gga made it just minutes later
Shut the f!ck up and let me finish baby
Ill let you finish later.
Why the f!ck you so opinionated?
Yeah you book smart but don't be gettin' paper
Shootin' craps at the wind
Getting' back to back wins
Made 20 bands playin' features
And I don't need a feature for this
N!gga I'm T-R-A, a triple double
Everytime I ball, man that's triple double
Tom Ford, Balmain, that's triple stuntin'
Tryna get a nut only gets you nothin'

So I don't give a f!ck who these n!ggas datin
Tsunami the Rollie, my wrist is flooded
How the f!ck can these n!ggas hate it
When these b!tches love it, man this sh!t
Is funny all I can do is laugh, all I can do is laugh
They try to count me out all day I'm doin math
All I can do is add, multiply, multiply all day I'm doin math
But we wont divide you ain't got the flow, you ain't got the heart.
You be on your mark but you're never ready
You just talkin sh!t I can smell your breath
Sayin what you do but you cant help yourself
(HOOK)

Baby you need a demonstration
This is how you get richer baby
I'm stimulated.
