

# I Will Survive (lalala) [les Bleus]

## Hermes House Band

Baby I just don't get it do you enjoy being hurt  
I know you smell the perfume the make up on his shirt  
you don't believe his stories  
you know that they're all lies  
bad as you are you stick around and I just don't know why  
if I was your man baby you  
never worry bout what I do  
I'll be coming home back to you every night doing you right  
you're the type of woman  
deserves good things  
fist full of diamonds  
here for the brain  
baby you're a star  
I just want to show you you are  
you should let me love you  
let me be the one to give you everything you want and need oh baby good love and protection ohh  
make me your selection  
show you the way loves supposed to be  
baby you should let me love you love you love you  
yeah yeah give me all that you got now thank you  
will make us some hot now  
I'm gone so faded I'm on one  
bang bang pop on the shot gun if you're an LA girl you ain't making no noise  
get faded turn up with the big boys  
die fast die young that's my own choice  
get money get money  
we can run affect the width  
make the money make the width  
I'll be stunning with my clique  
getting faded til we trip yeah yeah  
I love to get on  
I love to get 2 on  
and the drink be so strong  
and them trees be way to strong  
get faded turn up up put it all on till I can't even think no more  
get ratchet go dumb get on going til we keep it rolling  
I love to get 2 on
