C-Murder

[C-Murder]

Wha?

Ghetto boy

Just a lil' Ghetto BoyChorus

A lil', a lil', a lil', a lil', a lil', a lil'

Just a lil' ghetto boy x4A million dollars don't mean shit to me

I'm from the streets with a hard hittin slang Ghetto D

Nigga and still makin moves with a sick click

Trick fuck a bitch, I gank with my dick

A young nigga from tha hood, it's all good

When I represent my city, I'm suckin on a bitch titty

And red alazay and 50 blunts rolled up

You wanna hit, then muthafucka hold up

Slow ya roll, get yo bank rolled, ain't it cold

I been slangin', since I was 10 years old

A lil' skinny muthafucka packin guns fuck a toy

Nigga, I'm just a lil' ghetto boyChorus x4[Mac]

I'm just a ghetto boy, uptown rebel boy

Hot boy, fifty thousand dollar watch boy

These ghetto jails come from out of my grill

Ain't nuthin changed still bout that murder murder, kill kill

Into ghetto bitches, ghetto rides, ghetto wars

Ghetto food, got ghetto ways, I guess I'm just a ghetto star

I still hang on the set from time to time

Might slang a dime or two, just to remind the crew

Still ghetto keep a rag on my face

Representin' the place, I was talkin' grace

From bad news, you probably caught me bustin at fools

I keep it ghetto like bitches with baby daddy tatoos[C-Murder]

Chorus x4[Kane]

I'm ghetto like pissin in the streets smokin weed

Like hangers on TV or roaches crawling up your sleeve

Me, run with a mighty click, conglamorate sick

Leave haters on respirators, when this shit get thick

Bitch, I'm more ghetto than a high school drop out

When them hoes be fightin and they titty pop out

Don't make me pull tha glock out, n' pop tha teeth out cha mouth

I'm comin' out the south, that mess is what we bout[Abel]

I'm ghetto like yo sister, thirteen with two baby daddies

Ol' school caddy, fuckin cluckers in alleys
Ignorant, like you know nigga been dis, you all up in it
Kinda like tha free clinic, ghetto like No Limit[C-Murder]
Chorus x4Nigga, check this out
