

Turnaround (Radio Edit)

A Hori Buzz

I was driving through darkness
Walking in a daze
While my lover was sleeping
I get crazy company
As though my eyes
Weâ€™re much too blind
to the truth
My lover came to me
When I was broken down
My lover wept for me
Just as lovers do
Forgave me all my shallow ways
While I wait

Itâ€™s a turnaround
Itâ€™s a turnaround
Itâ€™s a turnaround
Itâ€™s a turnaround

My brother calls to me
He came to help me out
My sister called to me
Give me all she got to give
Let me linger but let me know
My time ainâ€™t over yet
My lover came to me
When I was broken down
My lover wept for me
Just as lovers do
Forgave me all my shallow ways
While I wait

Itâ€™s a turnaround
Itâ€™s a turnaround
Itâ€™s a turnaround
Itâ€™s a turnaround

I want to leave this place
Go walking in a different space
Donâ€™t want to see the pain in her eyes

Don't want to feel your saddening grace

But my lover has an elegant way

She shines her sunlight

Off her so it dazzles me

Shines it all over me

All over you

And I can't walk away

No I can't break free

My lover has an elegant way

She shines her sunlight

Off her so it dazzles me

Shines it all over me

All over you

And I can't walk away

No I can't break free

It's a turnaround

Yea yea it's a turnaround

Oh yeah it's a turnaround

Yeah it's a turnaround
