

Let It All Out

Relient K

Let it all out, get it all out, rip it out, remove it
Don't be alarmed, when the wound begins to bleed
'Cause we're so scared to find out, what this life's all about
So scared we're gonna lose it
And knowing all along that's exactly what we need
And today I'll trust you with the confidence
Of a man who's never known defeat
But tomorrow, upon hearing what I did
I will stare at you in disbelief
Oh inconsistent me, crying out for consistency
And you said, "I know that this will hurt
But if I don't break your heart, then things will just get worse
If the burden seems too much to bear
Remember, the end will justify the pain it took to get us there"
And I'll let it be known, the times I have shown
Signs of all my weakness
But somewhere in me, there is strength
And you promised me that you believe
In time I will defeat this
'Cause somewhere in me, there is strength
And today I'll trust you with the confidence
Of a man who's never known defeat
And I'll try my best to just forget
That that man isn't me
And you said, "I know that this will hurt
But if I don't break your heart, then things will just get worse
If the burden seems too much to bear
Remember, the end will justify the pain it took to get us there"
And you said, "I know that this will hurt
But if I don't break your heart, then things will just get worse
When the burden seems too much to bear
Remember, the end will justify the pain it took to get us there"
Reach out to me make my heart brand new
Every beat will be for you, for you
And I know you know you touched my life
When you touched my heavy heart and made it light
