

What My Heart Says

Monica

La la la la la la la la So let them say it's wrong for me to love you, they could never feel the way
That I do when we kiss when were close like this
They can't see inside my soul
They can't know the love we know, all they do is waste their time
They can never change my mind It's what my heart says that is what I listen to
(I listen to it)
It's what my heart feels it tells me what to do
(Tells me what to do)
It's what my heart knows that's the only, only truth I know it's real
All I hear is what my heart says is real La la la la la la, what my heart says So let them say that I'm a fool to fall
so deeply
'Cause they will never ever be loved so completely
How can they even talk that way, they can't see it through my eyes
They can't feel this love inside all their words don't mean a thing
They can't change the way I feel It's what my heart says that is what I listen to
(I listen to it)
It's what my heart says it tells me what to do
(It feels so right)
It's what my heart knows that's the only, only truth I know it's real
(All I hear is what my heart says to me) And I have never felt so sure about anything
See you are the one, the one that I need
It doesn't matter what they think
Or what they say I'm loving you anyways All I know is what I feel, yeah
What I listen to it tells me what to do
All I hear is what my says, la la
What my heart says
