

# Reflections Perceptions

## Antiskeptic

Now, in winter, I'm looking, forward to spring  
It's cold here, and damp there, and I want,  
more sunlight on my skin  
Coz I don't want to be here  
And I'm not coping with the pace  
I hate the, the distance between the future and this place  
For, as long as, I can re, remember now  
I have been, living for, tomorrow, and not for now  
Coz I don't want to be here  
I'd just prefer to leave  
I want to try a new, a new lifestyle now oh please  
Persistence makes me weak  
Resistance makes me strong  
He is strong and I am weak  
Persistence makes me weak  
Resistance makes me strong  
He is strong and I am weak
