

Stop That Train (2002 - Remaster)

Peter Tosh

Stop that Train
I'm a leaving...
And it won't be too long
Whether I'm right or wrong
(CHORUS)
All my life
I've been the lonely man
Teachin people that don't overstand
And even though I try my best
I still don't find no happiness

CHORUS

Some goin' east
And a some goin' west
I see some stand aside
Just to try their best
And I say some livin' big
But the most them livin' small
And they can't even find
No No No food at all

CHORUS

Stop that train
Can't take dem ya pressure...
