Hey Stranger

The Torrent

My world froze, stopped, when you walked by
Woah (oh), hey (girl), stop (?), hi (hi)
It was wrong how we finished
Got a feeling it was wrong how we finished, finished
See your face for a minute
Girl I gotta see your face for a minute
And I'm like
Hey hey stranger (x8)
Hey girl it's been a while, been a while
Since I saw your face
And girl it made me smile, made me smile
I'm not over you
And it may take a while, take a while
When you have enough space
Don't wanna throw it away
And I can see it in your eyes
Where you been
Where you going
Where you coming from
How you been
Baby tell me if you're needing some
(x2)
My world froze, stopped, when you walked by
Woah (oh), hey (girl), stop (?), hi (hi)
It was wrong how we finished
Got a feeling it was wrong how we finished, finished
See your face for a minute

Girl I gotta see your face for a minute
And I'm like
Hey hey stranger (x8)
Girl you don't gotta go, gotta go
We can work this out
Baby it's possible, possible
I thought about you every day
You gotta know, gotta know
My heart still remains
My love for you never changed
And you can see it in my eyes

Where you been
Where you going
Where you coming from
How you been
Baby tell me if you're needing some
(x2)
My world froze, stopped, when you walked by
Woah (oh), hey (girl), stop (?), hi (hi)
It was wrong how we finished
Got a feeling it was wrong how we finished, finished
See your face for a minute
Girl I gotta see your face for a minute
And I'm like
Hey hey stranger (x8)
My world froze, stopped, when you walked by
Woah (oh), hey (girl), stop (?), hi (hi)
