

The Most Sincere Song In The World

HOLDING BACK ENTIRELY

i feel out of place,
so tired of all the racing and chasing to come after you,
and i feel out of step,
so tired of being someone i am not,i loved you once,
i loved you twice,
i came for you,
for a long time,
it's different now,
i don't how to release it,i loved you once,
i loved you twice,
i came for you,
for a long time,
it's different now,
i don't how to replace it,
or fake it
