

Never Know

Brandon Stansell

Too jacks into an all night birds
The bottle is full but it's now enough
To drink last night right out of my hand But I rather have you right here instead
And all I wanna hear you say is that you feel the same way
But you're had to get never ever
One in amillion get together
Give me a chance to regret tonight tomorrow
Oh we could get heard, or this could be perfect
Good as we were, it could be worth it
And if we walk away and let this thing go
We'll never know
We'll never know
Never know, never know, never know
I may say something I might regret
Cuz you can't take back a whisky text
I'm passed the point where I just don't care
But I got to know if there is something there
Cuz you're had to get never ever
One in amillion get together
Give me a chance to regret tonight tomorrow
Oh we could get heard, or this could be perfect
Good as we were, it could be worth it
And if we walk away and let this thing go
We'll never know
We'll never know, no
Never know never know
Never know never know
Never know
But you're had to get never ever
One in a million get together
Give me a chance to regret tonight tomorrow
Oh we could get heard, or this could be perfect
Good as we were, it could be worth it
And if we walk away and let this thing go
We'll never know
We'll never know, no
We'll never know, never know
