# Castaway

## Franco

Step to the farthest side of my dream
Be careful of what you might see
So careless inside I'm dying
SlowlySail into my wildest dream
Wrapped up like a little bum's shoelace
High strung but I am trying
HopelesslyOn my own castaway
Trapped and caught in between
Darkened skies, tidal waves
But I am moving onSee through the hollowed eyes of my dream
Psycho traumatic hypnotic scene
A mountain of dust to ponder overOn my own castaway
Trapped and caught in between
Darkened skies, tidal waves
But I am moving onWell I'm blind
Reaction too late
I'm behind but catch me I'm moving on
And on...On my own castaway
Trapped and caught in between
Darkened skies, tidal waves
But I am moving onAnd on...
