Electricity

Blood Stain Child

Run away fly away
Dream away slip away
Weep away sweep away
Reaching out for the starsAll your love All your hate
All your sickness your fake
Tiny minds I devour
Dyin' a little insideMy ambition decisions
Illusions my arrows
Go high in the sky
Challenging Destiny
I'm a voice in the desert
Do you here me now?Crawling shadows
Haunting my sleep
Keep on breathing
Wake upAll your love All your hate
All your sickness your fake
Tiny minds I devour
Dyin' a little insideMy ambition decisions
Illusions my arrows
Go high in the sky
Challenging DestinyCrawling shadows
Haunting my sleep
Keep on breathing
Wake upSudden acceleration
Fading gravity
Radiant transmissions
Electricity
Rising up from beyond
I can feel your heartbeat
Stretching out your hand
I knew you'd try to find meCrawling shadows
Haunting my sleep
Keep on breathing
Wake upRun away fly away
Dream away slip away
Weep away sweep away
Reaching out for the starsAll your love All your hate
All your sickness your fake
Tiny minds I devour

Dyin' a little insideMy ambition decisions
Illusions my arrows
Go high in the sky
Challenging Destiny
I'm a voice in the desert
Do you here me now?
