

# Fall For Your Type

[Dizzy Wright](#)

I'm tryna to figure out why  
I keep falling for men like you  
You tell me all the things that the last one said  
And you buy me all the same things too  
Everytime I feel like  
This is different  
You turn around and prove me wrong  
SMH once again  
Ohh

I feel like i'm cursed  
Will I ever get it right  
Is there someone out there for me  
Who's willing to give all I need  
I don't know why I always fall for your type yeah  
For your type  
Tell me why I always fall for your type yeah  
For your type
