

Sway

Danielle Bradbery

Hey, we're all in the same boat
Life can really suck sometimes
But hey, can't live in a shadow

So here's a little piece of adviceStart by kicking off your shoes

Leave 'em right by the door
Then you call a couple friends
And you call a few more
Put a drink into your glass
That will make you let go

Then you find something smooth on the radio

That makes you wanna sway to the left
And sway to the right

Get lost in a groove that will make your lose you mind

Put a smile on your face and you right into a daze

No there ain't nothing wrong when a song comes on that makes you wanna

Sway, eh eh ay, eh eh ay, oh oh ohHey, world's kinda messed up

We got no time for sitting around
Wait for it to let up

Let's break some rules and figure it outStart by kicking off your shoes

Leave 'em right by the door
Then you call a couple friends
And you call a few more
Put a drink into your glass
That will make you let go

Then you find something smooth on the radio

That makes you wanna sway to the left
And sway to the right

Get lost in a groove that will make your lose you mind

Put a smile on your face and you right into a daze

No there ain't nothing wrong when a song comes on that makes you wanna

Sway, eh eh ay, eh eh ay, oh oh oh
That makes you wanna

Sway, eh eh ay, eh eh ay, oh oh ohStart by kicking off your shoes
And you find something smoothSomething that makes you wanna sway to the left
And sway to the right

Get lost in a groove that will make your lose you mind

Put a smile on your face and you right into a daze

No there ain't nothing wrong when a song comes on that makes you wanna
Sway, eh eh ay, eh eh ay, oh oh oh

That makes you wanna
Sway, eh eh ay, eh eh ay, oh oh oh
