

# life line

**Harry Nilsson**

Down to the bottom  
Hello, is there anybody else here?  
It's cold and I'm so lonely  
Hello, is there anybody else here? Hello, won't you throw me down a Life Line?  
I'm so afraid of darkness  
And down here, it's just like night time Oohs, are all around me  
Hello, will you please send down a Life Line? Down and there isn't any hope for me  
Unless this dream which seems so real  
Is just a fantasy
