

# Worst Case Scenario (White Child Rix Remix)

## Die Krupps

What is happening to me  
No one could foresee  
I was living on the edge  
Of catastrophe  
Thrown off the system  
Nailed and bare  
Fish out of water  
Jumping for air  
Stranded with no help  
Outlawed and shunned  
Luck turned against me  
Thousand to one  
Some call it fate  
What's my reality  
World allied against me  
Fatal conspiracy I can't take it, I can't take it  
I can't take it no more  
Worst case scenario In the elevator to heaven I'm stuck  
On the lowest level run out of luck  
A downward spiral  
Is sucking me in  
My plans for the future  
A case for the bin  
No glimmering hope  
Brightens my night  
At the end of the tunnel  
There is no light  
Some call it fate  
What's my reality  
World allied against me  
Fatal conspiracy
