My Fantasy

Shapiro, Sally

When I turn to my favourite hideaway
My hands and lip will always be the same
Only half the plan
Once I thought that I was over you
Now you're back and I'm falling like a fool
You know the one I am
I'm ridiculed 'bout my fantasy
I shared you in insanity
My eagerness comes untangled,
I can't handle you
If he stays, we'll be thrilled
Keeping up with you
If he stays, we'll be thrilled
Keeping up with you
I come 'round a roundness bunch of keys

So let me in cause I'm about to freeze
With my jealousy
I'm trying hard to persuade myself
That you aren't everything I need
But my tricks are wean
I'm ridiculed 'bout my fantasy
I shared you in insanity
My eagerness comes untangled,
I can't handle you
If he stays, we'll be thrilled
Keeping up with you
If he stays, we'll be thrilled
Keeping up with you
Oh darling, I'll be like before
Oh darling, I 'll be like before
Before...
