

Into the Night

Julee Cruise

Now it's darkInto the night
I cry out
I cry out your name
Into the night
I search out
I search out your loveNight so dark
Where are you?
Come back in my heart
So dark
So darkInto the night
Shadows fall
Shadows fall so blue
I cry out
I cry out for youNight so dark
Where are you?
Come back in my heart
So dark
So dark
So dark
