Tesla Rossa

You got me barking outside your door
And you know what for
Iâ€™m a man with needs
And Iâ€™m gonna break down the fort
Youâ€™ve got me begging
Youâ€™ve got me pleading but

How am i gonna come in when you lock me out

Question swimming with the stream
Play the skeptic in their world of dream
I donâ€™t know you nothing
I owe you everything
Sometimes it comes along in the end and you come around
(inaudible)

Thereâ€™s it gonna flow when it leaves the spot
Wheres the water gonna flow when it leaves the spout
How am i gonna come in when you lock me out

Throw the ball son
Get it back
I never played catch with my dad
