Under The Waves

Pendulum

I lie still at the border
But my visions are broken
Head caught in the torment
Cruel as the oceanDreams are made in the distance
I will not be among them
Silence is killing me
And I can hardly touch the groundI am deep in a river
Waves above my head
Help with no spirit
We descend, we reach the endI am deep in a river
Waves above my head
Help with no spirit
We descend, we reach the endI am deep in a river
Waves above my head
Help with no spirit
We descend, we reach the endWe descend
We reach the end
