Nothing Left

Throwdown

Pick me up so we can fall back to zero.
A shattered wall no longer stands.
Population too much demand.
And there's no one left to fuck but us.Nothing left.
There's nothing left.
Nothing left.
Pick me up so we can fall back to zero.A shattered wall no longer stands.
Population too much demand and there's no one left to fuck but us.
Nothing left.
There's nothing left.There's nothing left.
No second chance for us.
There's nothing left.
No more control.
