

Ring On Her Finger

Johnny Clegg & Savuka

Beyond freedom and dignity
Beyond the dying of the light
Beyond reason and the trinity
She takes me
Beyond the sun and out of sight Oh no, uh oh, oh she did it again
Oh no, uh oh, oh she did it again That girl is feeling
Trapped by the ring on her finger
(Ushadile)
Some man thought he shot her down
But he only winged her
(Ushadile) Oh no, trapped by the ring on her finger
(Ushadile)
Oh no, trapped by the ring on her finger
(Ushadile) Such a dangerous affinity
In such a deadly disguise
Hot summer nights and other promises
She carries in her married eyes Oh no, uh oh, oh she did it again
Oh no, uh oh, oh she did it again That girl is feeling
Trapped by the ring on her finger
(Ushadile)
Some man thought he shot her down
But he only winged her
(Ushadile) Oh no, trapped by the ring on her finger
(Ushadile)
Oh no, trapped by the ring on her finger
(Ushadile) You just can't get enough
So you come around here
And you do it again
You just can't get enough You just can't get enough
So you come around here
And you do it again
You just can't get enough Sha sha sha dile, sha sha dile
Sha sha dile, sha sha dile
Sha sha dile, sha sha dile
Sha sha dile, sha sha dile
Sha sha dile, sha sha dile
Sha sha dile
(Ushadile, ushadile) That girl is feeling
Trapped by the ring on her finger

(Ushadile)

Some man thought he shot her down

But he only winged her

(Ushadile) Oh no, trapped by the ring on her finger

(Ushadile)

Oh no, trapped by the ring on her finger

(Ushadile)
