# Bad Reputation

## Adelitas Way

I like to live a little
I like to drink a little
I like to smoke a littleI like the rush a little
Misunderstood a little
We're all the same a little
Some are just born to be badI got it bad, bad, bad
Don't tell me what I should do or say
Cause I'm gonna do it my own way
I don't give a fuck what you think, what you say
I got a bad reputation
I got it bad, bad, bad
I got a bad reputation
I got it bad, bad, badI roll the dice a little
I let it ride a little
Out of my mind a littleI'm like a lion unchained
I like the finer things
Sippin' on wine I'm singing "I was just born to be bad!"I got it bad, bad, bad
Don't tell me what I should do or say
Cause I'm gonna do it my own way
I don't give a fuck what you think, what you say
I got a bad reputation
I got it bad, bad, bad
I got a bad reputation
I got it bad, bad, badI got it bad, bad, bad
I got it bad, bad, badI got it bad, bad, bad
Don't tell me what I should do or say
Cause I'm gonna do it my own way
I don't give a fuck what you think, what you say
I got a bad reputationDon't tell me what I should do or say
Cause I'm gonna do it my own way
I really don't care what you think, what you say
I got a bad reputation
I got it bad, bad, bad
I got a bad reputation
I got it bad, bad, badI got a bad reputation
I got it bad, bad, bad
I got a bad reputation
I got it bad, bad, bad
