Willie Nelson

Clutch

Blackjack booted demons
Have surrounded my home
Got dogs and 'copters
And keep ringing my phone
Well, I don't know if I'm comin' or goin'
If it's them or me
Oh, but one things for certain
Willie Nelson only smokes the killer weed
Now, they're breaking my windows
Banging on my doors
Got me down and hog tied
Rifling through my drawers
Boss demon tells me
Oh, how he would like to kill me
Save your bullets tough guy
My disease does that for free
Well, I don't know if I'm comin' or goin'
If it's them or me
Oh, but one things for certain
Willie Nelson only smokes the killer weed
Well, I don't know if I'm comin' or goin'
If it's them or me
Oh, but one things for certain
Willie Nelson only smokes the greenest green
Well, I don't know if I'm comin' or goin'
If it's them or me
Oh, but one things for certain
Willie Nelson only smokes the killer weed
