

The Heart Get No Sleep (By Alexis Castro DJ)

Tokio Hotel

You said it's okay,
I said I'm happy.
Can you love me like you loved me?
Just one more time My heart's a jungle,
I escape in to the city lights.
I dive into the colors,
And it's alright, it's alright. And I can set the world on fire,
Just to see you come undone.
I'm falling out, it feels like flying,
Into the daylight, into the daylight. And I can set the world on fire,
Just to see you come undone.
We never had enough, come higher,
Into the daylight The heart get no sleep,
The heart get no sleep,
The heart get no sleep. I tripped in fantasy,
With burning diamonds.
Feel so united,
You hurt like love. We keep our secrets,
And she rock it to the silence.
Touch me like a ritual,
Come take it off, just take it off. Let's set the world on fire,
Just to see you come undone.
I'm falling out, it feels like flying,
Into the daylight The heart get no sleep,
The heart get no sleep,
The heart get no sleep. The heart get no sleep
Love me, come love me.
The heart get no sleep,
Love me, like we've never been hurt. Like we've never been hurt,
The heart get no sleep,
The heart get no sleep,
The heart get no sleep
