You're The One

Oak Ridge Boys

Many's the time I have looked in the water
And had no reflection to show
Oh and many's the time I have stood at the crossroad
Not knowing which way to goMany's the time someone laid close beside me
And I don't remember her name
They'll say that I'm just a smile and a moment
But that was before you cameYou're the one in a million
You're the one, you're the one
You're the one in a million I seeYou're the one in a million
You're the one, you're the one
You're the one in a million for meNow all of the others were places to go to
But I had nowhere to sleep
Well I never made any promises to them
None they'd expected me to keepYou're the one in a million
You're the one, you're the one
You're the one in a million I seeYou're the one in a million
You're the one, you're the one
You're the one in a million for meWell you're the one in a million
You're the one, you're the one
You're the one in a million I seeYou're the one in a million
You're the one, you're the one
You're the one in a million for meYou're the one in a million
You're the one, you're the one
You're the one in a million I seeYou're the one in a million
You're the one, you're the one
You're the one in a million for me
