

More Than You

Amina Buddafly

I wanted so bad to make it work, but it might be for the better
And I am of as much worth, with or without you boy
They're falling, these tears of mine
But I swear that this is the last time I've come to know that Loving me s a privilege and loving me is
Win
Loving me should be appreciated, my heart not broken
I'm worth more than an option
And no doubt I'm more than 2
I'm the one who leaves this Knowing I deserve more than you I do
Deserve more than you I wanted u so much to take the pain
But the truth is no one else but I came mend it and stop the rain,, and so I have to start learning how
It seems so impossible
But I'm stronger than what I have shown
I'm here to say that If we should have made it
And this was not the move
I would still be right here waiting,
It wouldn't feel right to say that
Though my love ain't fading,
I'm here and I will being myself, or somebody else 'Cause... Loving me s a privilege and loving me is
Win
Loving me should be appreciated, my heart not broken
I'm worth more than an option
And no doubt I'm more than 2
I'm the one who leaves this Knowing I deserve more than you I do
Deserve more than you
