

# Don't Be A Lemming Polka

**K.d. Lang**

I pin myself against the walls  
Stationed like a horse in stall  
Just wishing, they might call me art  
There I hung in the hall  
Collecting dust that's all  
It's all I needed to do  
While in the corner, quite a size  
He sits talking, whiskey-wise  
Hopin' to throw me off  
But no matter how he tries  
I'll just look him in the eyes  
It's all that I need to do  
That's all it took to see  
I was wastin' time  
It's all it took to see  
I was walkin' the line  
I'm going to ride high as can be  
I look behind  
And see them followin' me  
So, my friends, don't delay  
Unless of course  
You'd rather stay  
Lemmings headed for the cliff  
Rounding up, they're going astray  
Take the lead, take the way  
That's all that we need to do  
That's all it took to see  
I was wastin' time  
That's all it took to see  
I was walkin' the line  
I'm going to ride high as can be  
I look behind  
And see them followin' me  
I'm going to ride high as can be  
I'll look behind  
And see them followin' me
